AMENDMENT AND RESPONSE

Commissioner for Patents
Washington, D.C. 20231

Sir:

INTRODUCTORY COMMENTS

This is responsive to the Official Action dated November 1, 2004 in the above application. Reconsideration of the rejection of claims 1-7 is respectfully requested in view of the amendments and remarks that follow.

Please amend the present application in accordance with the following particulars:

In the Specification

Amendments to the specification are presented below under the heading "Amendments to the Specification".

In the Claims

Amendments to the claims are presented below under the heading "List of Current Claims". The status of all claims is indicated in the listing and all current amendments are shown.
